- Apple/And  **Snapseed (FREE)** Best all-around editor.
- Apple  **Distressed FX+** - the Plus version is \$13.99 – includes all current & future texture, overlay and bird packs for free (the basic version is \$1.99. Additional packs are \$.99 each). If you use this as much as I do, the plus pricing is a great deal in the long run.
- Apple/And   **Image Blender (\$3.99)** **Photo Blender (Free)**
More Android: <https://www.makeuseof.com/best-photo-blender-apps-android/>
- Apple/And  **Retouch (formerly TouchRetouch) (Free Trial / various subscriptions)**
Awesome for power line removal, healing, and more.
- Apple/And   **Pixlr-o-matic (FREE or \$11.99/Year for Premium)**
Great Filters & Borders.
- Apple/And   **Sketch Master-Cartoon Filter (Free)** However, you'll probably want to spend the \$1.99 to get the paid version as there are LOTS of ads. Click the little brown arrow in the upper left to get to the “upgrade” option.
- All Apple
Most And  **JixiPix Software** – all available on iPhone/most for Android. Also have Apps for computers (Mac/PC). Prices vary – most phone apps are \$1.99 (a few are \$2.99). I have 22 of their apps on my phone – this is the Vintage Scene icon. Other favorites are Grungetastic, Dramatic (B&W) and Impresso.
- Apple/And  **Deep Art Effects: Foto Filter (\$3.99)**
One-click effects to create your own artwork.
- Apple  **LensLight Visual Effects (\$4.99)**
Ultimate Lights & Glows
